Dear Don

Thank you for your submission to the Standards Committee of Craft Nova Scotia. We are pleased to inform you that your work has successfully completed the Master Artisan assessment process, recognizing your exquisite craftsmanship and extensive body of work.

The Committee felt that your work is a superb example of quality of craftsmanship, as well as true expertise in your chosen materials. The Committee thoroughly appreciated the guided tour through your processes, as well as the personal anecdotes of your triumphs and losses. Your keen desire to share your knowledge and continuously learn is a shining example of master artisanship and contributes greatly to the craft community. The Committee was struck by how your work evolved once you met Maureen and the true love you expressed for creating with her. You have continuously displayed a desire to innovate your designs, technology and tools to elevate your work. Your sculptures combine tradition with contemporary craftsmanship and sensibilities to create a distinct body of work. The Committee is delighted welcome you as the newest Master Artisan of Craft Nova Scotia!

If you have any questions regarding the assessment of your work, or if you require more information about booth space at our retail craft shows please contact the office by phone: 902.423.3837, by fax: 902.422.0881, or by email: office@craftnovascotia.ca

Yours truly,

Frances Dorsey,
Chairperson Standards Committee
